

As an Indiana citizen, I want to speak out against proceeding 02-278. I am very satisfied with our state's DO NOT CALL Law and know that the effectiveness of this law will be diminished with preemption from the federal law. Other citizens of Indiana, as well as myself, do not want our law preempted. I as a citizen of the United States am deeply disappointed in the watered down federal DO NOT CALL Law. More and more I am disappointed in our federal government's tendency to support business interests, both domestic and foreign, in stead of adhering to the constitutional premise of supporting the PEOPLE. When you start supporting business interests to the detriment of the PEOPLE, it is time that you be replaced or dismantled.
